Sir.

I am directed to inform you that the information embodied in the final quit rent Registers issued by the Swan Department from time to time is so very defective that Government considers it necessary to revise the same with reference to the latest information available in the Swan & Survey Department.

Serial 2

To,
The Chief Secretary to the Government
of Mysore
Bangalore

Sir,

I have the honor to reply as follows to the enquiries made in your letter No. 4358/30 of the 7th June 1892 regarding the revision of the Final Quit-Rent Registers pronounced in their present form and scope to be defective.

2. The first question which arises is whether it is contemplated to revise and re-print these Final Quit-Rent Registers, or whether it is intended that the present printed copies should be amplified in manuscript. The latter course, I presume, is intended, as re-printing entirely afresh would require much time, labor and expense.

3. The Inam Office, as you are aware, is on a very small scale, there being only

7 officials, all told, and it is of course obvious that any official, to be of any use for the purpose now in view, must possess some fair knowledge of both English and Kanarese. I do not see any way, therefore, to employing more than two pairs of workers, for of course the men will have to work in couples.

4. Each pair of workers will, I think, be able to complete 1,000 cases per mensem, thus with the present strength only 24,000 cases could be got through in twelve months. There are, roughly, 60,000 cases in the Province, and therefore to complete the whole in one year just five pairs, or 10 men, would be necessary, that is, if only one copy be required.

5. It would be necessary, however I fear, to prepare at least two copies of each Final Quit-Rent Register, one copy to be sent to the Dewan's Office and the other kept in the Main Office, but to be sent to the District or other authorities to take copies as convenient.

6. The tenor of the present letter

brings

brings me to the Proceedings of the Government of Mysore order No. 3007/20 dated 20th May 1892, in which it was ruled that the Inám Department should be allowed to continue under present arrangements until the close of 1892-93. No detailed orders were passed on my letter No. 32 of the 16th September 1891, which elicited the above mentioned Proceedings, but in that letter at Para 6 I pointed out that whether the Inám Department were merged in the Survey Department, or continued on its present footing, the difference in expenditure would not be very great. The work which, at Para 2, I stated I was sanguine might be completed by the end of 1892-93, I now find is not likely to be finished, although the year is now one of 15 months. The cause of interruption to regular work has been the preparation of a statement of Ready Money Grants resumed during the Inám settlement for the whole Province (Mysore Secretary's No. 642/66 dated 14th October 1892) and also one of whole villages in which the Mohatarfa revenue has been reserved to Government (Government

Proceedings

Proceedings No. 13,357 / 2.1351 dated 22nd February 1892.)

7. Looking to the above facts and to the probability of the Inám Office hands being utilized, as now suggested, for the revision of Quit-Rent Registers, also to the existence of the large amount of work (heads (a) and (b) Para 2 of my letter No. 32 of the 10th September 1892) which has to be carried out by the combined action of the two Departments, I have come to the conclusion that the plan of absorbing the Inám into the Survey Department cannot be carried out until the close of 1893-94. I shall therefore, unless otherwise directed, submit the Inám Budget Estimate to the Comptroller as usual.
